What is Sentry SIS?

Sentry SIS is a powerful security app designed to help businesses and local communities report and manage incidents quickly and effectively. The system allows users to notify and register crimes or suspicious activity directly through the app. Sentry SIS is supplied to Coastal BID members via UK PAC as part of the BID's commitment to improving safety and security across our area.

Report crimes and incidents instantly via the app

Receive REAL TIME alerts about local crime incidents and images in your area

Strengthen communication between businesses and authorities

Help create a safer Coastal BID area for our traders and our community
